

**Mr. Parvez Iftikhar General Manager,
Telecommunications Division, Siemens
Pakistan Engineering Co. Ltd**

On behalf of Siemens Pakistan, I congratulate Gerry's Information Technology (Pvt) Ltd. on the launch of 'Gerry's Net', their Internet Services, from Karachi.

It is, indeed, a moment of pride and satisfaction not only for both Gerry's and Siemens, but also for the entire Telecom Industry in Pakistan.

Siemens is proud that it provided the turnkey solution for,, Gerry's Internet Services set-up. Our Solution for Gerry's is based on Equipment and Software that is reliable, scalable and fully capable of seamless migration to future technologies in line with Gerry's vision of growth.

In view of Gerry's Customer Oriented approach, I am sure, 'Gerry's Net' would come up to the expectations of different classes of Internet users in terms of quality, reliability and innovativeness of services.

I wish Gerry's all the success in their present and future undertakings in this field and assure them of our full support in achieving their goals of promoting quality Internet Services in Pakistan.
